## Joint Membership

**Married couples are entitled to have their membership designated as a joint membership at no additional charge.**

### Why consider a Joint Membership?

A joint membership entitles either spouse to participate as an active member of Baldwin EMC. Anytime you wish to take advantage of membership privileges you must be listed as a legal member. This includes participating in the annual meeting which gives you the opportunity to vote your opinion on matters before the meeting and be eligible for prizes which will be given away. Refer to the cooperative's bylaws for further clarification.

**Complete the form below and return.**

☐ **YES!** - Please make this membership a joint membership. We are a married couple and would like membership privileges for both of us. We understand that there is no charge for this membership designation and we agree to all of the terms and conditions of membership as accepted by the original member.
